Skills

- **Languages**: Python, JAVA, C++, JavaScript
- **Frameworks**: HTML and CSS, Tailwind, Pandas, NumPy
- **Tools/Platforms**: Oracle SQL, MongoDB, GCP, AWS, Power BI
- **Soft Skills**: Team Player, Project Management, Adaptability

Projects

- **Cloud-Native Polyglot Portfolio | GCP & DevOps | GitHub** November 2025 – December 2025
  - Built and deployed a **cloud-native portfolio application** using **React + TypeScript**, containerized with **Docker** and served via **Nginx**.
  - Designed a **production-grade CI/CD pipeline** using **GitHub Actions** to automate build, container scanning, and deployment to **Google Cloud Run**.
  - Provisioned and managed **GCP infrastructure using Terraform (IaC)**, including **Artifact Registry, IAM roles, and Cloud Run services**.
  - Implemented **serverless deployment with auto-scaling, scale-to-zero cost optimization**, and **zero-downtime releases** using Cloud Run revisions.
  - Enforced **security and observability best practices** with **least-privilege IAM**, automated **container vulnerability scanning**, and **Cloud Monitoring dashboards and alerts**.

  Tech: React, TypeScript, Docker, Nginx, Google Cloud Run, Terraform, GitHub Actions, GCP IAM, Cloud Monitoring

- **Smart Directory Manager – Intelligent File Organization Tool | Github** March 2025 – April 2025
  - Developed a **desktop application** with a **Tkinter-based GUI** to automate file organization, classification, and duplicate detection.
  - Implemented **directory scanning, file categorization, and organization** into structured folders using **Python (OS, Shutil, Hashlib, Magic)**.
  - Built advanced features including **duplicate file detection via MD5 hashing**, **undo functionality**, and **preview of changes** to enhance usability.
  - Designed an **interactive UI** with real-time feedback (progress bars, status updates, treeviews) for managing large file systems efficiently.
  - Delivered a scalable and user-friendly solution to **streamline digital clutter management**, improving file retrieval and storage efficiency.

  Tech: Python, Tkinter, OS, Shutil, Hashlib, Magic

Certificates

- CodeQuery: The Ultimate PL/SQL & Data Science Bootcamp | **Certificate** June 2025 – July 2025
- JAVA Programming (iamNeo) | **Certificate** January 2025 – May 2025
- Cloud Computing – Microsoft Azure (InternsVeda) | **Certificate** December 2024 – January 2025

Achievements

- **Contributed in Open-Source Drive**: September 2024

  Open-Source Contributors Drive 2024, Github Students Club, LPU

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; **CGPA: 8.1** Since August 2023
- **St. Joseph's Secondary School** Muzaffarpur, Bihar
  Intermediate; **Percentage: 72%** April 2021 – March 2022
- **Oak Grove School** Jharipani, Mussoorie
  Matriculation; **Percentage: 82%** April 2019 – March 2020
